

PAYMENT OF SERVICE FEES AND PROVISION OF A STATEMENT OF FEES CHARGED BY THE SERVICE

1. Policy statement

Weldon Children's Services are committed to providing all families with the opportunity to enrol their children at our service, with a clear, transparent, fair, and inclusive fee structure. Weldon Children's Services strives to provide high-quality care, education, and leisure programs. To achieve this aim, we need to be financially viable at all times. Prompt payment of fees allows us to plan with certainty and meet our commitments. Our approach is to ensure our fees are as affordable as possible and that all families have access to any subsidies that are available to reduce the cost of care. We will advocate with governments for all children's rights to access early education and school-age care regardless of individual families' financial situation. We will ensure that families are given an estimate of fees payable prior to enrolment. Once enrolment is confirmed on the Child Care Subsidy System the family will then be notified should the actual fee be different to the estimate given. This policy provides clear guidelines for families, ensuring a transparent process for collecting fees for children attending our programs. This policy details our commitment to:

- collecting fees
- equitable and efficient payment processes
- unpaid fees
- supporting families in hardship.

Weldon Children's Services must notify families at least 10 business days before any changes are made to the policies or procedures if the changes will affect the way in which fees are charged or collected.

2. Background

The Education and Care Services National Regulations require approved providers to ensure their services have policies and procedures in place for the payment of fees and the provision of a statement of fees charged by the service which is communicated to families.

Australian families receive help with the cost of child care through the Child Care Subsidy (CCS). Providers must be approved by the Department of Human Services to receive CCS. All providers that receive CCS must follow the rules under Family Assistance Law. State and territory governments are responsible for the health, safety, wellbeing, and educational outcomes of children. The Australian Government considers that immunisation is an important health measure for children and their families, as it is the safest and most effective way of providing protection against harmful and often deadly diseases. To meet the Childcare Subsidy

immunisation requirements, children must be immunised according to the National Immunisation Program - vaccination schedule, be on an eligible catch-up vaccination schedule or have an approved exemption from being immunised.

CCS is paid directly to approved providers and passed on to families as a fee reduction. Additional Child Care Subsidy provides additional fee assistance to support vulnerable or disadvantaged families and children. This support recognises the preventative and protective influence of quality education and care on a child’s health, wellbeing and development, and the importance of continuity of care.

There are four different payments under Additional Child Care Subsidy:

- Additional Child Care Subsidy (child wellbeing)—to help children who are at risk of serious abuse or neglect.

Additional Child Care Subsidy (grandparent)—to help grandparents on income support who are the principal caregiver of their grandchildren.

- Additional Child Care Subsidy (temporary financial hardship)—to help families experiencing financial hardship.

- Additional Child Care Subsidy (transition to work)—to help low-income families transitioning from income support to work.

The Community Child Care Fund is designed to help eligible child care providers address barriers to child care participation, particularly in disadvantaged communities, including Indigenous communities.
